Yoshimasa USA, INC. Mr. Alma Kim.

Here is the report with pictures of Asian American Expo held on January 19<sup>th</sup>, 20<sup>th</sup> '08.

### **Report:**

On the day of January 19th and 20th, over 100,000 participated in this event.

This event has been held over 20 years and it is one of the biggest event in Los Angeles County held by the Chinese community.

Our booth was located in the end of Hall-6, nearby a big stage.

We have accomplished good exposure on Yoshimasa Sushi Case and Sushi Making.

The inspectors from Health Department came about 10:30am on 19th to check and the temperature of Yoshimasa Sushi Case was under 40F degree.

They were very happy about Yoshimasa Sushi Case and how it was able to maintain safe temperature for our products (seafood and vegetables).

Moreover, one of the Health inspector commented that the Yoshimasa Sushi Case is very clean and nice.
